Our Helping With Hops event is looking for Corporate Sponsors to make this our biggest fundraising event of the year. All proceeds from this event will go directly to help fund our two water supply projects. Corporate sponsorship comes in three tiers:

Annual Sponsor - \$1,000: Annual sponsors will have their logos displayed at all of our EWB-FL events for the next year - including at this event and on all advertisements! In addition we will feature your company on a social media "sponsorship spotlight". Three free tickets will be made available to your company for this fundraiser .

Silver Sponsor - \$500: Silver sponsors will have their logo displayed on advertisements for this event and recognition at the event. Two free tickets will be made available to your company for this fundraiser .

Bronze Sponsor - \$200: Bronze sponsors will have their logo displayed on advertisements for this event and recognition at the event. One free ticket will be made available to your company for this fundraiser.

Date and Time: Thursday April 25 6-8pm

Location: Cigar City Brewing, 3924 W Spruce St, Tampa, FL 33607

Guatemala Project Summary: Water will be supplied to a community of 750 people in Solola, Guatemala. Phase I is complete and saw the installation of a well. Phase 2 is underway and will expand and improve the existing distribution system.

Nepal Project Summary: Currently in the assessment phase to identify community needs. The project will provide the rural community of Khabari, Nepal with access to a reliable water supply. To read more about the communities we are impacting visit www.ewb-fl.org/projects.

Boca Raton, FL 33487
08:30 AM - 04:00 PM EST
Hai Vu, 904-487-4502
vuhx@jea.com

This seminar will be hosted in Boca Raton. It will be another exciting lineup of Water Resources, Reuse, and Resilience topics in Florida and around the world!

Presentations include the following:

Climate Adaptation Master Plan and Pure Water Southern California
Piloting Ozone-treatment Wetlands for Regional Water Reuse in North Florida
Miami-Dade WASD's Innovative and Radical Approach to Water Reuse
SWFWMD Resiliency
One Water Approach and Tools to Defend against Climate Change Impacts
Innovate Implementation of Water Reuse Strategies at Miami Zoo
South Florida Panel Discussion
Regulatory Updates

This seminar aims to educate the audience on current technical and regulatory issues associated with potable and non-potable reuse. This includes discussing current experiences, spreading awareness on water supply planning, and hearing about broader beneficial reuse programs around the world. This information is valuable to utilities, consultants, manufacturers, contractors, and the regulatory community as the need for a sustainable drinking water supply is an important water management strategy in Florida.

Your contribution helps make this event possible.
Please consider becoming a sponsor of the WR3 Committee.
