---

June 8, 2021
- June 11, 2021

**WEF Innovations in Process Engineering Conference**
Hyatt Regency Miami

---

July 12, 2021
- July 14, 2021

**WEF Forum: Particles and Colloids**
The WEF Forum 2021 seeks to advance the understanding of how to best apply modern particles and colloids science to engineered water systems and identifying new areas for exploration.

*This event will feature two and a half days of intense presentations, discussions, and sessions, skillfully developed by the expert Steering Committee. Forum attendees can expect deep dives into the following highlighted topics:*

*Particle Type and Properties*
*Particle Processes*
*Particle Methodologies.*

*Additionally, attendees will be able to have unlimited, uninterrupted, and meaningful networking opportunities to discuss and debate the leading research available on all matters surrounding particles and colloids. The full program for this event is still being developed and will be available in July 2020.*

February 21, 2022
- February 24, 2022

**WEF/AWWA Utility Management Conference**
Hyatt Regency Grand Cypress
The Utility Management Committee will be hosting the FWEA/FBC Joint Lean Six Sigma Yellow Belt Training/Certification.

This is a great opportunity to learn the Lean Six Sigma fundamentals and its application; develop an understanding and ability to apply the techniques of various elements; how to prioritize processes for improvement; and approaches and tools to immediately improve process in your workplace. All of this will be done specifically using and relating to the use of the data collected by the FBC for the annual report.

The instructor, Bruce Berger, is a certified Lean Six Sigma Master Black Belt with over 25 years of experience helping organizations in both the public and private sectors to improve performance at all levels through the application and implementation of Lean Six Sigma, Professional Development, and Industrial Engineering programs.
