America's Water Infrastructure Act 2018 (AWIA)

This discussion will provide a detailed overview of the requirements of America's Water Infrastructure Act 2018 including both the Risk and Resilience Assessment (RRA) as well as the Emergency Response Plan (ERP). Deadlines for both will also be discussed as part of the presentation. J100-10 AWWA Risk and Resilience Management Standard (Detailed Analysis) will be discussed during the presentation.

Speaker Biography:

Craig Wells, PE, ENV SP - Climate Vulnerability & Resiliency

Mr. Wells offers 26 years of experience providing professional engineering services. He specializes in assessing climate vulnerability and creating climate resilient infrastructure. Mr. Wells has conducted climate vulnerability assessments for several utilities in coastal Florida and Georgia and assisted in the planning and design of hardening measures to make those utilities climate-resilient. He has presented on the topic at professional conferences in Florida, Georgia, Texas, North Carolina, and South Carolina. Mr. Wells is a member of the AWWA Emergency Preparedness Committee.
