kwallace@fldbia.org
<i>This is the only event in Florida created by and for the rapidly growing design-build industry. Design-build is the future and Florida Design-Build 2025 is the perfect place for newbies and pros alike to get the latest on important design-build trends and topics. Meet decision makers and network with all members of project teams including contractors, architects, engineers, MEPs, attorneys and public and private Owners.</i>

<i>This year's DBIA Florida Conference is all about pushing the boundaries of what's possible in design-build. As we embrace innovation, we're shaping the next generation of design-build delivery, integrating cutting-edge technology, and redefining industry best practices. Together, we'll elevate our projects, teams, and partnerships—setting new standards for efficiency, quality, and performance. And with the momentum of progressive design-build, we'll accelerate the future of infrastructure, transforming communities and driving success across Florida and beyond.</i> |
